### **My friend**

My friend is Leann. She is a girl. She lives in Shatin. She is pretty and nice. She is eight years old. She likes singing and dancing. Also, she likes playing badminton. I like playing badminton too.

She has big eyes, a small nose and a big mouth. Her hair is long. She has a round face. Her face is as round as a full moon. She doesn't wear glasses. She sits in front of Samson. Her favourite subjects are PE and Maths. She is good at running and doing sums.

I like her because she is intelligent. She has good results in dictation. She is also nice. She plays with me every day.
