### **Three years ago...**

Three years ago I lived in China but now I am in Hong Kong. I was short and thin at that time. I was 120cm and 19kg. I was lazy because I watched TV all day and didn't do revision.

Now I am hard-working. I do revision every day. I was naughty three years ago because I always fought with my brother. Now I am good because I do not fight with him and we always play with each other.
