Intermediate Merit Writer Award**

#### School Outing

---

Last autumn, my classmates and I went to a camp site in Sai Kung. The weather was sunny and lovely. I packed food and drinks such as crackers, chocolate fingers, some biscuits, seaweed and lemon tea. It was a perfect day to wear my cap and sunglasses. Once we arrived, my classmates and I bought ice-cream to eat because it was a warm day. Then I played table tennis and I did archery training. I learned how to shoot an arrow that was my first time. I found that shooting an arrow was more difficult than I had imagined. The experience was a little scary but fun!

I loved the school outing, it was fun and interesting, and this time I learned new things too! I can't wait to go again!
