Halloween

Halloween is on 31st October. It often celebrated by children dressing up in frightening masks and costumes. Halloween is thought to be associated with the Celtic festival Samhain, when ghosts and spirits were believed to be abroad.

The day before Halloween, my mother bought me some strawberry marshmallows and asked me to share with my classmates. I was happy that my classmates enjoyed those marshmallows. After school, I watched scary stories on my tablet at home. I was scared to watch scary stories alone therefore I just went to my room where my brother was playing computer games. It was scary but I loved watching it!

When I was small, I played trick-or-treat with my friends at the park. I could always get a lot of candies and chocolates. My mother always told me not to eat too much sugary food. However, when I grew up, my friends and I did not have much time to meet each other. We skipped this game for several years. I missed those happy moments a lot! I hope I can have trick-or-treat with my classmates later.
