Visiting a Zoo Last Sunday

Last Sunday, I went to Hong Kong Zoo. I went there with my parents and my little brother. I got there by bus. I saw a lot of different animals, like tigers, bears, rhinos, hippos, etc. I went to see a tiger show. My favourite act was the tigers roaring while it was standing on a ball. That was fun.

Then we went to a circus with a lot of wild animals. The performance was great. When we ate lunch, we ordered a pineapple pizza, an apple pie and some soft drinks. Next we went back to the game stall area. We played some games and won a jumbo prize. After that we went to see an aquarium. There were a lot fishes and other sea animals, even some endangered sea animals.

I think Hong Kong Zoo is a wonderful place to visit. My family and I had so much fun there. I hope my family will take me there again next year.
