### **A meaningful job I want to be**

I want to be a soldier when I grow up because it is a meaningful job. If I become a soldier, I will fight for peace.

Soldiers need to be brave. They should be courageous so that they can fight against the enemies. They need to be tough too. They need to work under great pressure so that they can work in a dangerous environment. They also need to be fit and strong too. They need to be vigorous so that they can carry heavy guns and fight for a long time.

In order to prepare myself to be a soldier, I need to do exercise every day. I want to join the boy scouts too because it provides a lot of adventurous activities. It will train me into being a tougher person.

I think this job is suitable for me because I am fit and strong. I hope I can be a soldier some day.
