AN INTERVIEW WITH PRINCIPAL KO

By 4B Sherry Wong, 4D Hailey Wong, 6C Hayden Chen and 6C Alvin Sze

INTERVIEW WITH PRINCIPAL KO

CJKY Ambassadors interviewed Principal Ko on 8th December. Let's take a look!

Sherry: How long have you been a principal?

Principal Ko: I have been a principal for 7 years.

Hayden: What is your most memorable experience as a principal?

Principal Ko: The most memorable experience as a principal was during COVID, My teachers and students were unable to come back to school. All the lessons were conducted online. Every day, I came back to school alone and faced a very cold school campus! I was so blue! Now that I can see all of you again, I'm very happy. I cherish having a full and vibrant campus once again.

Alvin: Did you like the "One Day Principal" activity? How did you feel about it?

Principal Ko: I liked the "One Day Principal" activity because it was meaningful. In this activity, student-principals shadowed me all day long. They learnt how busy a principal is. On that day, we greeted students at the school gate and said "Hello" to them and parents. They also had the experience to observe lessons and even had a meeting with the vice-principals. Students always said my job was only walking in the corridors and chatting with students. Now they know that I have different meetings with different stakeholders like parents and teachers. Also, I always spend time having lunch with students to talk to them in order to understand their needs and interests. There is a saying: Before you judge a man, walk a mile in his shoes. That means, you can't understand someone until you've lived their life. Through this activity, students can look at situations from different angles and understand each other's perspectives and difficulties!

Hailey: This is the 1st publication (issue) of the PLKCJY English Newsletter. Do you have anything to say to our schoolmates?

Principal Ko: As this is the 1st issue of PLKCJY newsletter, I hope our students will like it! I hope our parents and other stakeholders will get the latest information about our school! Also, I hope this newsletter can be a bridge that connects us all!

GRATITUDE TURNS WHAT WE HAVE INTO ENOUGH.

R·E·A·D – MAGIC CUBE, KENDAMA & CUP STACKING (2021-2024)

By 5B Mavis Wong, 5D Abbie Fung and 6C Ashley Yau

KENDAMA TEAM

CUP STACKING CHALLENGE

Each year for the last couple of years, our school has provided each of us “A Small Gift” which includes Magic Cube, Kendama and Stacking Cups.

What is the reason our teachers chose these small gifts for us? The reason is simple. Throughout the practice, we may fail from time to time, but our teachers want us to learn from our mistakes and not to give up easily! If we play Magic Cube, Kendama or Cup Stacking well, teachers will give us a R·E·A·D sticker as a reward.

This year, students keep playing Stacking Cups during recesses or lunch breaks and we even established a Kendama Team last year. The team has won lots of awards in these 2 years!

MAGIC CUBE

Students enjoy cup stacking SO MUCH!

OUR SCHOOL NEW FACILITIES

By 6C Hailey Choi, 6C Ying Ying Ho, 6C Rainbow Kung, 6C Kary Lam and 6E Xenia Yan

Our school has added some new facilities in these past couple of years. Let us introduce some of them to you. LET'S START!

Hi! I am Rainbow. I am going to introduce the LED Wall which was installed in the covered playground. It is very useful because it can help us to promote high-quality digital teaching. It is used for showing videos, pictures and power points. because we always have some ceremonies or activities in the covered playground.

Hi! I am Ying Ying and I am Kary. Besides the LED Wall, our school has installed Interactive Smart Boards in all the P.1, P.4 and P.5 classrooms. They can replace the traditional desktop computers, and with touch function, it is convenient for teachers to enter notes, write and draw on them. Teachers can easily play music or videos which can enhance our learning.

THE FAVOURITE FESTIVAL OF PLKCJY STUDENTS

By 4D Alex Tang & 4D Peter Tse

What is your favourite festival? We have done a survey about the favourite festival of PLKCJY students. Let's take a look!

The TOP 3 favourite festivals of PLKCJY students are Christmas, Halloween and Chinese New Year.

Students like Christmas the most because they can get lots of presents at Christmas. They also love Halloween because they can dress up in different Halloween costumes. For Chinese New Year, students feel extremely delighted to get red packets from relatives.

Among these TOP 3 favourite festivals, PLKCJY students celebrate them with their family members and friends. They also celebrate them at home, at a theme park or at school!

NEVER STOP DREAMING, NEVER STOP BELIEVING, NEVER GIVE UP, NEVER STOP TRYING, AND NEVER STOP LEARNING. (BY ROY T. BENNETT)

Hi! I am Hailey. I am going to introduce the “Reading Train” which is on the fourth floor. It's very colourful and it is my favourite facility at school. Different books are displayed on the train so book lovers can spend their whole recess or lunch break on it reading their favourite books! Our Teacher Librarian, Miss Law, always displays new books for us to read! How amazing!

Hi! I am Xenia. Our school has installed air conditioners in the covered playground. I remember when we did not have any air conditioners there. It was extremely hot and some students even fainted during the morning ceremony! But now we feel cool when we have a P.E. lesson. No matter how intense the exercise or activity is, we can still feel the pleasure brought by the air conditioning! By the way, I think we should cherish the resources that the school provides for us!

LEARN FROM YESTERDAY, LIVE FOR TODAY, HOPE FOR TOMORROW. (BY ALBERT EINSTEIN)
